become a link in our chain..

The Highland Cycle campaign has been lobbying local and national government and businesses for over ten years to recognise the benefits of cycling, and to encourage people to cycle by providing an attractive cycling environment.

It is our belief that there has been progress both nationally and within The Highlands in terms of cycling policy. Voluntary groups are an important part of this, but more work needs to be done to see policy implemented. It is important that we have a large and diverse membership to provide both active and financial support. If you want more information contact Ged Church on 01463 831306 or Stewart Campbell on 01349 882585

Fewer cars and
safer roads..

Oh, wouldn't it be

nice...

- to breathe fresh air
- to be fitter
- to save money
- to have our kids play more safely
- to hear the birds sing
- to be car free
- to be care free

....but we need your help to make it

happen

the Highland Cycle Campaign is committed to:

- improving cycle safety
- cutting pollution
 - safer routes to school, work and leisure
 - linking communities
- developing long distance routes
- healthy transport for all
